MISSION STATEMENT

Childrens' Kastle Christian Learning Center is firmly committed to providing quality care to children. We believe each child has unique God given capabilities. We offer a Christian based program that provides ample opportunities through exploring hands-on material in our age appropriate learning centers. We will promote self-confidence, curiosity, creativity, self-control and self-esteem.

We believe the most effective way to teach children is the example set by Christian teaching. We are committed to the continuous education of our staff in the area of child development. We will work as a team to accomplish our goals and to provide a working atmosphere of harmony.

NATIONAL ACCREDITATION

Childrens' Kastle is the **only** accredited center in Western New York through the Association for Early Learning Leaders. Accreditation is a voluntary process which demonstrates the deep commitment of our program to go above the standards of New York State licensing. Accreditation reveals the mission of our center to continuously strive for excellence. A comprehensive review and evaluation of our center included the following areas: program assessment, curriculum, health and safety, nutrition, administration, parent involvement, interaction between staff and families. The process also includes the faith-based component which was essential for our program.

CLASSROOM GOALS

Each classroom has an established curriculum guide. Throughout the year, your child will be charted to evaluate their progress. Our infant/toddler program will focus on your child's individual needs. We will provide a loving and nurturing environment with developmentally appropriate practices utilizing the "Active Learning Curriculum. Our pre-school program incorporates "Handwriting Without Tears" and the "A BEKA" curriculum. In order to prepare your child for Kindergarten the Brigance Early Childhood Screens 111 assessment tool is used for assessing preschool children. This assessment tool is aligned to Early Learning Standards and Common Core State Standards. Monthly newsletters will address the new goals for the month. Parent participation and awareness is an essential part of our curriculum. Your child's teacher will provide you with a welcome to our room letter, which will better acquaint you with your child's classroom goals and teaching staff.

ABCmouse.com Early Learning Academy: Is utilized as a component of our preschool curriculum. The internet provides us with an opportunity to explore many educational resources for children. Even with the security measures that we have implemented we cannot guarantee 100% safe access to the internet. We believe that the chance of exposure to inappropriate materials is minimal and monitored closely by our teachers, but the possibility still exists.

No person under the age of eighteen, including family members may pick up your child. Please inform your designee's that they must show proper photo identification before we will release your child. Also, please inform the school on the days that someone other than yourself will be picking up your child. If no one arrives to pick up your child that is listed on the authorization form, we are required to notify the Child Protection Unit of Social Services and/or the local police departments for pick-up and extended care for your child.

Transportation: Transportation is available between our center and other local elementary schools. Please see the Director to see if transportation is available to your elementary school. Lancaster School District will provide busing to our facility and Childrens' Kastle also provides transportation by van to and from Alden Central School District. You must contact the transportation office and complete an alternative pick-up and drop off form. We reserve the right to end busing privileges due to discipline problems that jeopardize your child's safety and other children's safety.

Emergency Policy: Our evacuation site is: Two Guys Pizzeria 3987 Walden Ave. Evacuation routes are posted in each classroom. Fire drills are conducted monthly. We exit the building and gather behind the school on the side walk. Infants are evacuated with cribs and gather in the parking lot. Department would be responsible for transporting the children to a remote location as determined by local authorities. Closing will be posted on our Facebook page along with local TV stations.

A full balanced lunch is served at 11:45a.m. A copy of the menu is posted on the parent board outside each classroom. **We ask all parents to refrain from bringing outside food in unless your child has a severe food allergy. If your child has a severe food allergy which may require an EPI Pen we request that you provide your child's lunch and snack items each day. Be sure that the lunch box is labeled and food items do not need to be heated.** Please refrain from sending in any food items that may contain nuts of any kind. We cannot refrigerate lunch items due to limited space.

Breakfast Provision: The center will provide breakfast for children that are enrolled in the Freshmen room through School Age program from 8:00a.m.-8:30a.m. (Walden location only).

Student Belongings: The school will not be responsible for lost belongings. Please mark your child's clothing so that it is easily identified. The school will not be responsible for lost or damaged clothing, or other items including jewelry. Cell phones will not be permitted for use while under our supervision. During the summer months, all children should bring bathing suits, water bottle, towels and water shoes.

Discipline Policy: Childrens' Kastle believes that discipline is a learning process of making appropriate decisions with awareness of the consequences. Our staff will attempt to avoid problems before they happen by using various means including distraction. A time-out may be used for chronic misbehaviors. When using a time-out, the child is placed near his/her group and then encouraged to rejoin the group when he/she feel they can manage their own behavior. Our school age program has a progressive system of discipline, which is inclusive of the above with the addition of work duty (internal suspension), a 1 to 3 day suspension (tuition is payable for these days) and ultimately, termination of enrollment. **Termination of enrollment is decided when any child is continuously repetitive with behaviors that may cause bodily injury to themselves, other students or staff members.**

Children with Special Needs: Childrens' Kastle complies with the Americans With Disabilities Act. We will provide reasonable accommodations for children with disabilities. We will make an assessment of your child to determine whether your child can be accommodated in our program without fundamentally altering our program.

If you think your child may be delayed or has unidentified needs contact the Director as Early Intervention and your Local School District are there to assist families of young children usually free of charge.

Breast Feeding Policy: We welcome breastfeeding mothers! You are provided with a private and sanitary space to breastfeed or express your milk. You can breastfeed in your baby's classroom. Our Staff will work with families to familiarize your baby with bottle feedings during the transition from home to day care. To develop healthy eating habits, our staff are aware of and respond to your baby's hunger and fullness cues ("on demand" feeding). The center coordinates feeding times with the mother's normal feeding schedule. The center does not serve any food or drink other than breast milk unless requested by the parents. Our staff receives training on the practices that support breastfeeding and on proper storage and handling of breast milk.

Parent Communication: Tadpoles is used to communicate the summaries of each child's activities, photos, videos, notes, classroom announcements, reminders and school closings directly to your e-mail Menus, newsletters and forms to change information will be found on our website www.childrenskastle.com and outside your child's classroom. The Parents' Bulletin Board is located in the hallway. Please check the bulletin board frequently. We post all social functions, parent meetings, conferences, timely news issues, etc. on the bulletin board or TV monitor in foyer.

In the event a parent does not have access to email, or otherwise wishes to receive printed copies of communications, you will need to communicate this to our Center Director.

Parent/Teacher Conferences: Daily observations of your child's participation in the activities planned for the day will give our staff insight on where your child is developmentally. This ongoing information is helpful in assessing their progress. We will communicate with you twice a year through a written progress report that will show where your child is developmentally. Please remember that it is not our policy to rush a young child into acquiring academic knowledge, but to encourage self-satisfaction from their own achievements. The progress reports should be used as a guideline to help point out areas where special attention may be needed.

Conferences for our Infants/Toddlers with their teacher are always available to you. Upon request, the Center Director will make the necessary arrangements for the meeting. For our preschoolers we invite you to sign up for our scheduled conferences held in January each year. A written notice indicating the exact dates and times will be posted outside your child's classroom when the conferences are approaching. The conferences are a time when teachers can discuss your child's developmental progress with you at length. Parents are always welcome to request a conference at any time during the year if they feel it is warranted.

Parent Participation: As parents, you are still the most important teacher in your child's life. Your communication with the school is vital. Parents are invited to spend a day with us. This is a wonderful way to demonstrate to your child our partnership with your family. You are welcome to share your talents, assist with field trips & special occasions, help with preparing of materials and reading to the children. From time to time parents may be asked to contribute supplies for special events, parties etc. Fundraisers have become a crucial way to maintain tuition costs. Parents are encouraged to participate.

Parent Support: If there is any area of support that would help you and your family, please let us know. If we can assist with temper tantrums, bed time routines, discipline, potty training or developmental milestones your child is going through we are here for you. From time to time we will offer Parenting classes in the evening.

Open Door Policy: Please advise the staff of any concerns or situations. Also, alert the staff to any changes on the application form such as telephone numbers, work numbers, emergency numbers, and address or health status.

We also like to know how we are doing and if you have any concerns or questions. You may set up an appointment to meet with the Director, drop us a note or call us during the day. We value your feedback and strive to provide a 100% smiles guarantee for your family.
