"I chose to send both of my children there because of the exemplary program that is offered. I know this because I have been a kindergarten and first grade teacher at Hillview Elementary for the past 11 years. In June of each school year, the kindergarten teachers participate in the screening of incoming kindergarten students. I am always so impressed with the students who have completed their pre-school experience at Childrens' Kastle Christian Learning Center. They are very well prepared for the kindergarten year, especially in the areas of reading readiness and fine motor skills."
